Introduction

Vehicle access to the grounds is required from time to time. In the interest of safety, access to vehicles is only permitted in certain circumstances. Also, restricting vehicle access to the grass ring/field will preserve the quality of the grass.

Purpose

The purpose of this policy is to:

- Define when a vehicle is permitted on the club grounds.

Policy

Vehicles may only access the grounds in the following circumstances:

- Maintenance and repairs
- Vendor set up at dog shows or trials
- Vehicles required for scent work searches at training and trials
- Unloading or loading of club equipment and supplies in the loading zone

Drivers must take all reasonable precautions if required to drive onto the grounds to ensure the safety of pedestrians, dogs and to protect the facilities.

There is no parking in front of the main entry gate. Members may park briefly for drop off equipment but are required to park as close to the fence as possible and be considerate of other members entering and leaving the grounds.
